A worthy heir, respectful of its origins, the Signature line sublimates the former CAMPA brand.

Beyond exceptional radiators, Signature addresses the demanding world of interior design.

The new signature line

Confidential – do not distribute

A complete overhaul of the range:

Centered around materials: glass, ceramic, lava stone

- CAMPAVER, NATURAY , KERAMOS
- A wide range of bathroom solutions
- New design:
- Simplification and readability:
  - A shorter range but a wider and easier choice
  - Aligned outputs 1000, 1500, 2000 W

A new signature design

Campaver, Kéramos, Naturay

Design

- Soft corners,
- Neat side views
- Removal of « brackets »
- Careful integration of the new Nativ Connect regulation

Simpler, more legible

- Shorter range, easy to understand
- Rationalization of outputs
- Optimization of formats: singular heights
- Choice of legible and consistent finishes

A trademark of the signature line, the fabric label on the back of the device discreetly signs each radiator and certifies its origin

New user interface

Confidential – do not distribute

More ergonomics, for an intuitive use

More functions locally, for more comfort and less energy

More connectivity, for an opening towards other uses

More simplicity to connect, via the intuis connect gateway

New line: Campaver, Kéramos, Naturay

Hug line

They address living rooms where there is a need for drying and hanging: bathrooms, open kitchens, but also entrances, obeying the same rhythm of life as a bedroom or living room.
No fan blower to respect the silence and limit the thickness but drying bars included. The smart boost function that can be activated allows you to put all the power into forced operation
